

## Working Scientifically

|                         | EYFS  | KS1   | Lower KS2   | Upper KS2  |
|-------------------------|---|---|---|--|
| Asking Questions        | <ul style="list-style-type: none"> <li>Show curiosity.</li> <li>Comments and asks questions about aspects of their familiar world.</li> <li>Exploring the natural world around them.</li> </ul>   | <ul style="list-style-type: none"> <li>asking simple questions and recognising that they can be answered in different ways</li> </ul>   | <ul style="list-style-type: none"> <li>asking relevant questions and using different types of scientific enquiries to answer them</li> <li>setting up simple practical enquiries, comparative and fair tests</li> </ul>   | <ul style="list-style-type: none"> <li>planning different types of scientific enquiries to answer questions, including recognising and controlling variables where necessary</li> </ul>  |
| Measuring and Recording | <ul style="list-style-type: none"> <li>Take a risk, engage in new experiences.</li> <li>Find ways to solve problems / test their ideas</li> <li>Choose the resources they need for their chosen activities</li> <li>Handle equipment and tools effectively</li> <li>Closely observes what animals, people and vehicles do</li> <li>Use their different senses to explore what objects look, feel, sound like.</li> <li>Create simple representations of events, people and objects</li> </ul> | <ul style="list-style-type: none"> <li>observing closely, using simple equipment</li> <li>performing simple tests</li> <li>Ask questions and use secondary sources to find answers.</li> <li>Observe changes over time.</li> <li>gathering and recording data to help in answering questions.</li> <li>Record and communicate their findings.</li> <li>Use simple scientific vocabulary.</li> </ul> | <ul style="list-style-type: none"> <li>making systematic and careful observations and, where appropriate, taking accurate measurements using standard units, using a range of equipment, including thermometers and data loggers</li> <li>Make decisions about what measurements to make.</li> <li>gathering, recording, classifying and presenting data in a variety of ways to help in answering questions</li> <li>recording findings using simple scientific language, drawings, labelled diagrams, keys, bar charts, and tables</li> </ul> | <ul style="list-style-type: none"> <li>taking measurements, using a range of scientific equipment, with increasing accuracy and precision,</li> <li>taking repeat readings when appropriate recording data and results of increasing complexity using scientific diagrams and labels, classification keys, tables, scatter graphs, bar and line graphs</li> </ul>          |
| Concluding              | <ul style="list-style-type: none"> <li>Develop ideas of grouping, sequences, cause and effect</li> <li>Know about similarities and differences</li> <li>Make links and notice patterns in their experience</li> <li>Develop their own narratives and explanations by connecting ideas or events</li> </ul>  | <ul style="list-style-type: none"> <li>identifying and classifying</li> <li>Noticing patterns</li> <li>using their observations and ideas to suggest answers to questions</li> </ul>  | <ul style="list-style-type: none"> <li>reporting on findings from enquiries, including oral and written explanations, displays or presentations of results and conclusions</li> <li>identifying differences, similarities or changes related to simple scientific ideas and processes</li> <li>using straightforward scientific evidence to answer questions or to support their findings.</li> </ul>   | <ul style="list-style-type: none"> <li>reporting and presenting findings from enquiries, including conclusions, causal relationships and explanations of and degree of trust in results, in oral and written forms such as displays and other presentations</li> <li>identifying scientific evidence that has been used to support or refute ideas or arguments</li> </ul> |
| Evaluating              | <ul style="list-style-type: none"> <li>Start to explore how I could do something better next time.</li> </ul>   | <ul style="list-style-type: none"> <li>Start to explore how we can improve our tests.</li> </ul>  | <ul style="list-style-type: none"> <li>using results to draw simple conclusions, make predictions for new values, suggest improvements and raise further questions</li> </ul>   | <ul style="list-style-type: none"> <li>using test results to make predictions to set up further comparative and fair tests</li> </ul>  |
| Vocabulary              | <p>questions, answers, group, explore, test, find out, same, different, notice, communicate, hand lenses, egg timers,</p>   | <p>equipment, gather, measure, record, results, pictogram, tally chart, block diagram, Venn diagram, table, chart, identify, classify, sort, test, observe, compare, describe, similar, similarities, differences, order, patterns, link, secondary sources, stop watch, ruler, tape measure, metre stick, beaker, pipette, syringe,</p>  | <p>questions, scientific enquiry, answer, changes, increase, decrease, comparative test, fair test, careful, accurate, observations, appearance, present, data, evidence, results, keys, bar charts, results, conclusions, prediction, support / not support, thermometers, data loggers, magnifying glass, microscope</p>  | <p>opinion / fact, variables (independent, dependent, controlled), accuracy, precision, systematic, scatter graphs, line graphs, causal relationships, support / refute,</p>   |

## Living Things and their Habitats

| EYFS  | 1 | Year 2  | 3 | Year 4  | Year 5   | Year 6   |
|---|---|---|---|---|--|--|
| <ul style="list-style-type: none"> <li>• Talk about the features of their own environment</li> <li>• Notice similarities and differences between places.</li> <li>• They make observations of animals and plants and explain why some things occur, and talk about changes</li> </ul> |   | <ul style="list-style-type: none"> <li>• explore and compare the differences between things that are living, dead, and things that have never been alive</li> <li>• identify that most living things live in habitats to which they are suited and</li> <li>• describe how different habitats provide for the basic needs of different kinds of animals and plants, and how they depend on each other</li> <li>• identify and name a variety of plants and animals in their habitats, including microhabitats</li> <li>• describe how animals obtain their food from plants and other animals, using the idea of a simple food chain, and identify and name different sources of food.</li> </ul> |   | <ul style="list-style-type: none"> <li>• recognise that living things can be grouped in a variety of ways</li> <li>• explore and use classification keys to help group, identify and name a variety of living things in their local and wider environment</li> <li>• recognise that environments can change and that this can sometimes pose dangers to living things.</li> </ul> | <p>describe the differences in the life cycles of a mammal, an amphibian, an insect and a bird</p> <p>describe the life process of reproduction in some plants and animals.</p>  | <ul style="list-style-type: none"> <li>• describe how living things are classified into broad groups according to common observable characteristics and based on similarities and differences, including microorganisms, plants and animals</li> <li>• give reasons for classifying plants and animals based on specific characteristics.</li> </ul> <p>See evolution section.</p> |
| <p>alive, growing, babies, wet, dry, hot, cold, food, light, dark</p>   |   | <p>living, dead, never been alive, move, grow, feed, have babies, pond, woodland, meadow, ushes, logs, damp, moist, dry, dark, light, hot, warm, cool, cold, hotter / colder, suitable, needs, depend, food, food chain, shelter,</p>   |   | <p>classification keys, environment, fish, amphibians, reptiles, birds, mammals, vertebrates, invertebrates, human impact,</p>  | <p>reproduction, life cycle, sexual, asexual, germination. pollination, seed formation, seed dispersal, pollen, stamen, stigma, plantlets, runners, mammal, amphibian, insect, bird, fish, reptile, eggs, live young</p> | <p>organism, micro-organisms, fungus, mushrooms, classification keys, environment, fish, amphibians, reptiles, birds, mammals, vertebrates, invertebrates, arachnid, mollusc, insect, crustacean</p>   |

## Evolution and Inheritance

| EYFS | 1 | 2 | Year 3  | 4 | 5 | Year 6   |
|------|---|---|---|---|---|--|
|      |   |   | See materials / rocks section for linked work on fossils. |   |   | <ul style="list-style-type: none"> <li>recognise that living things have changed over time and that fossils provide information about living things that inhabited the Earth millions of years ago</li> <li>recognise that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents</li> <li>identify how animals and plants are adapted to suit their environment in different ways and that adaptation may lead to evolution.</li> </ul> |
|      |   |   |   |   |   | evolution, suited / suitable, environment, adaptation / adapted, offspring, characteristics, vary / variation, inherit / inheritance, fossils  |

## Plants

| EYFS   | Year 1   | Year 2  | Year 3   | 4 | Year 5  | 6 |
|--|--|---|--|---|---|---|
| <ul style="list-style-type: none"> <li>Talk about the features of their own environment</li> <li>Notice similarities and differences.</li> <li>They make observations of animals and plants and explain why some things occur, and talk about changes</li> <li>Learn how to care for the natural world around us.</li> </ul> | <ul style="list-style-type: none"> <li>identify and name a variety of common wild and garden plants, including deciduous and evergreen trees</li> <li>identify and describe the basic structure of a variety of common flowering plants, including trees.</li> </ul> | <ul style="list-style-type: none"> <li>observe and describe how seeds and bulbs grow into mature plants</li> <li>find out and describe how plants need water, light and a suitable temperature to grow and stay healthy.</li> </ul> | <ul style="list-style-type: none"> <li>identify and describe the functions of different parts of flowering plants: roots, stem/trunk, leaves and flowers</li> <li>explore the requirements of plants for life and growth (air, light, water, nutrients from soil, and room to grow) and how they vary from plant to plant</li> <li>investigate the way in which water is transported within plants</li> <li>explore the part that flowers play in the life cycle of flowering plants, including pollination, seed formation and seed dispersal.</li> </ul> |   | Plant reproduction - see above (see living things and habitats above) |   |
| leaf, flower, stem, tree, petal, root, grow.   | leaf / leaves, flower, blossom, petal, fruit, berry, root, bulb, seed, trunk, branch, stem, bark, stalk, vegetable, deciduous, evergreen<br>Names of locally found plants and trees.   | seeds, bulb, grown, water, light, damp, dry, hotter / wetter, etc, growth, healthy, shoot, seedling, wither, die, crispy, soil, earth, germinate, temperature   | see year 1 and 2 list + air, nutrients, fertiliser, transported, life cycle, pollination, seed formation, seed dispersal   |   |   |   |

## Animals, including humans.

| EYFS  | Year 1   | Year 2  | Year 3   | Yr 4   | Year 5   | Year 6   |
|---|--|---|--|--|--|--|
| <ul style="list-style-type: none"> <li>children know the importance for good health of physical exercise, and a healthy diet, and talk about ways to keep healthy and safe.</li> <li>They manage their own basic hygiene and personal needs successfully</li> <li>Can name the basic parts of their bodies and the bodies of other animals.</li> <li>know about the similarities and differences between themselves and others.</li> <li>Develop positive attitudes towards differences.</li> </ul> | <ul style="list-style-type: none"> <li>identify and name a variety of common animals including fish, amphibians, reptiles, birds and mammals</li> <li>identify and name a variety of common animals that are carnivores, herbivores and omnivores</li> <li>describe and compare the structure of a variety of common animals (fish, amphibians, reptiles, birds and mammals, including pets)</li> <li>identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense</li> </ul> | <ul style="list-style-type: none"> <li>notice that animals, including humans, have offspring which grow into adults</li> <li>find out about and describe the basic needs of animals, including humans, for survival (water, food and air)</li> <li>describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene.</li> </ul> | <ul style="list-style-type: none"> <li>identify that animals, including humans, need the right types and amount of nutrition, and that they cannot make their own food; they get nutrition from what they eat</li> </ul> | <ul style="list-style-type: none"> <li>Describe the simple functions of the basic parts of the digestive system in humans</li> <li>identify the different types of teeth in humans and their simple functions</li> <li>construct and interpret a variety of food chains, identifying producers, predators and prey.</li> <li>identify that humans and some other animals have skeletons and muscles for support, protection and movement.</li> </ul> | <ul style="list-style-type: none"> <li>describe the changes as humans develop to old age.</li> </ul> | <ul style="list-style-type: none"> <li>identify and name the main parts of the human circulatory system, and describe the functions of the heart, blood vessels and blood</li> <li>recognise the impact of diet, exercise, drugs and lifestyle on the way their bodies function</li> <li>describe the ways in which nutrients and water are transported within animals, including humans.</li> </ul> |
| <p>body, head, neck, arms, legs, knees, face, ears, eyes, nose, hair, mouth, teeth, tongue, feet, toes, fingers, shoulders, back, hands, wild animal, pet, farm animals.<br/>Names of common animals.</p>   | <p>fish, amphibian, reptile, birds, mammal, carnivore, omnivore, herbivore, pets, elbows, eyebrows, eyelashes, nails, ankle, calf, thigh, hips, waist, trunk, chest, wrist, tail, wing, claw, fin, scales, feathers, fur, beak, senses, hear, smell, see, touch, taste,</p>  | <p>offspring, babies, young, grow, change, adults, life cycle, older / younger, air, breathing, survival, exercise, dairy, fat, sugar, meat, fish, hygiene, clean, healthy, medicine, drugs</p>   | <p>nutrition, nutrients, carbohydrates, protein, vitamins, minerals, fat, dietary fibre, balanced diet</p>   | <p>skeleton, muscles, support, protection, movement, skull, ribs, spine, vertebra, joints, sockets, bones, tendons, vertebrate, invertebrate digestive system, nutrition, nutrients, canines, incisor, molar, pre-molar, saliva, tongue, grind, rip, chew, cut, oesophagus, stomach, small intestine, large intestine, rectum, anus, carnivore, omnivore, producer, consumer, predator, prey, food chain</p>   |  | <p>circulatory system, heart, blood, blood vessels, pumps, oxygen, carbon dioxide, lungs, nutrients, diet, exercise, drugs, lifestyles</p>   |

## Materials

| EYFS  | Year 1  | Year 2   | Year 3  | Y 4 | Year 5  | Y 6 |
|---|---|--|---|-----|---|-----|
| <ul style="list-style-type: none"> <li>Explore a range of different materials and respond to what they are like.</li> <li>Children explore similarities and differences in relation to materials</li> <li>Talk about the changes they notice in materials eg when cooking.</li> </ul> | <ul style="list-style-type: none"> <li>distinguish between an object and the material from which it is made</li> <li>identify and name a variety of everyday materials, including wood, plastic, glass, metal, water, and rock</li> <li>describe the simple physical properties of a variety of everyday materials</li> <li>compare and group together a variety of everyday materials on the basis of their simple physical properties.</li> </ul> | <ul style="list-style-type: none"> <li>identify and compare the suitability of a variety of everyday materials, including wood, metal, plastic, glass, brick, rock, paper and cardboard for particular uses</li> <li>find out how the shapes of solid objects made from some materials can be changed by squashing, bending, twisting and stretching.</li> </ul> | <ul style="list-style-type: none"> <li>compare and group together different kinds of rocks on the basis of their appearance and simple physical properties</li> <li>describe in simple terms how fossils are formed when things that have lived are trapped within rock</li> <li>recognise that soils are made from rocks and organic matter.</li> <li>compare and group materials together, according to whether they are solids, liquids or gases</li> <li>observe that some materials change state when they are heated or cooled, and measure or research the temperature at which this happens in degrees Celsius (°C)</li> <li>identify the part played by evaporation and condensation in the water cycle and associate the rate of evaporation with temperature.</li> </ul> |     | <ul style="list-style-type: none"> <li>compare and group together everyday materials on the basis of their properties, including their hardness, solubility, transparency, conductivity (electrical and thermal), and response to magnets</li> <li>know that some materials will dissolve in liquid to form a solution, and describe how to recover a substance from a solution</li> <li>use knowledge of solids, liquids and gases to decide how mixtures might be separated, including through filtering, sieving and evaporating</li> <li>give reasons, based on evidence from comparative and fair tests, for the particular uses of everyday materials, including metals, wood and plastic</li> <li>demonstrate that dissolving, mixing and changes of state are reversible changes</li> <li>explain that some changes result in the formation of new materials, and that this kind of change is not usually reversible, including changes associated with burning and the action of acid on bicarbonate of soda.</li> </ul> |     |
| hard, soft, rough, smooth, shiny, see through, not see through, wood, plastic, metal.   | material, wood, plastic, glass, metal, water, rock, brick, paper, fabric, elastic, foil, card, rubber, wool, clay, hard, soft, stretchy, stiff, bendy, waterproof, absorbent, break, rough, smooth, shiny, dull, see through, not see through.  | See year 1 list. suitable, unsuitable, property, hard, soft, stretchy, rigid, flexible, waterproof, absorbent, strong, weak, rough, smooth, reflective, non reflective, transparent, opaque, translucent, push, pull, twisting, squash, bend, squeeze, poke, pinch   | rock, stone, pebble, boulder, soil, fossils, grains, crystals, hard, soft, texture, absorb, permeable, impermeable, marble, chalk, sandstone, granite, slate, sandy, clay, chalky, peat solid, liquid, gas, air, oxygen, powder, granular, ice, water, steam, water vapour, temperature, degrees celsius, melt, freeze, solidify, melting point, molten, boil, evaporate / evaporation, condense / condensation, water cycle, precipitation, transpiration  |     | as earlier years + solubility, electrical conductor / insulator, thermal conductor / insulator, dissolve, solution, soluble, insoluble, solute, solvent, particle, mixture, filtering, sieving, evaporating, residue, condensing, reversible changes, burning, gas given off, rusting   |     |

## Light

| EYFS   | Year 1  | Year 2 | Year 3 | Year 4  | Yr5 | Year 6   |
|--|---|--------|--------|---|-----|--|
| Make simple observations of their environments | <ul style="list-style-type: none"> <li>recognise that day length varies over the year.</li> </ul> |        |        | <ul style="list-style-type: none"> <li>recognise that they need light in order to see things and that dark is the absence of light</li> <li>notice that light is reflected from surfaces</li> <li>recognise that light from the sun can be dangerous and that there are ways to protect their eyes</li> <li>recognise that shadows are formed when the light from a light source is blocked by an opaque object</li> <li>find patterns in the way that the size of shadows change.</li> </ul> |     | <ul style="list-style-type: none"> <li>recognise that light appears to travel in straight lines</li> <li>use the idea that light travels in straight lines to explain that objects are seen because they give out or reflect light into the eye</li> <li>explain that we see things because light travels from light sources to our eyes or from light sources to objects and then to our eyes</li> <li>use the idea that light travels in straight lines to explain why shadows have the same shape as the objects that cast them.</li> </ul> |
| light, dark, mirror, shiny, see                | summer<br>winter long<br>short early<br>late<br>sunset sunrise                                    |        |        | light source, darkness, reflect, reflective, mirror, shadow, block, direction, transparent, opaque, translucent,  |     | light source, darkness, reflect, reflective, mirror, shadow, block, absorb, direction, transparent, opaque, translucent,   |

## Sound

| EYFS  | Year 1 | Year 2 | Year 3 | Year 4   | Year 5 | Year 6 |
|---|--------|--------|--------|--|--------|--------|
| Make simple observations and comparisons between sounds<br>make simple instruments.<br>Listening to and talking about environmental sounds. |        |        |        | <ul style="list-style-type: none"> <li>identify how sounds are made, associating some of them with something vibrating</li> <li>recognise that vibrations from sounds travel through a medium to the ear</li> <li>find patterns between the pitch of a sound and features of the object that produced it</li> <li>find patterns between the volume of a sound and the strength of the vibrations that produced it</li> <li>recognise that sounds get fainter as the distance from the sound source increases.</li> </ul> |        |        |
| loud, quiet, high, low, hear, listen  |        |        |        | sound source, vibrate / vibration, travel, solid, liquid, gas, pitch, high / low, volume, loud / quiet, fainter, muffle, insulation, instrument, strings   |        |        |

## Electricity

| EYFS  | Year 1 | Year 2 | Year 3 | Year 4   | Year 5 | Year 6   |
|---|--------|--------|--------|--|--------|--|
| Exploring simple electrical circuits. Using batteries and understanding they need to be charged. Noticing which objects need batteries and which need to be plugged in. |        |        |        | <ul style="list-style-type: none"> <li>identify common appliances that run on electricity</li> <li>construct a simple series electrical circuit, identifying and naming its basic parts, including cells, wires, bulbs, switches and buzzers</li> <li>identify whether or not a lamp will light in a simple series circuit, based on whether or not the lamp is part of a complete loop with a battery</li> <li>recognise that a switch opens and closes a circuit and associate this with whether or not a lamp lights in a simple series circuit</li> <li>recognise some common conductors and insulators, and associate metals with being good conductors.</li> </ul> |        | <ul style="list-style-type: none"> <li>associate the brightness of a lamp or the volume of a buzzer with the number and voltage of cells used in the circuit</li> <li>compare and give reasons for variations in how components function, including the brightness of bulbs, the loudness of buzzers and the on/off position of switches</li> <li>use recognised symbols when representing a simple circuit in a diagram.</li> </ul> |
| battery, charged, flat, electricity, switch on / off, plug, safety, dangerous   |        |        |        | electricity, appliance, mains, plug, circuit, complete circuit, symbol, circuit diagram, components, cell, battery, positive / negative, connect, short circuit, wire, crocodile clip, bulb, bright, dim, switch, buzzer, motor, conductor, insulator, metal / non metal.  |        | as for year 4 +<br>terminal, volume, voltage, current, resistance  |

## Forces and Magnets

| EYFS  | Year 1 | Year 2 | Year 3   | Year 4 | Year 5   | Yr6 |
|---|--------|--------|--|--------|--|-----|
| <p>Make simple comparisons and observations</p> <p>Explore how to make things work eg push, pull.</p> <p>Explore and talk about the different forces they can feel.</p> |        |        | <ul style="list-style-type: none"> <li>compare how things move on different surfaces</li> <li>notice that some forces need contact between two objects, but magnetic forces can act at a distance</li> <li>observe how magnets attract or repel each other and attract some materials and not others</li> <li>compare and group together a variety of everyday materials on the basis of whether they are attracted to a magnet, and identify some magnetic materials</li> <li>describe magnets as having two poles</li> <li>predict whether two magnets will attract or repel each other, depending on which poles are facing.</li> </ul> |        | <ul style="list-style-type: none"> <li>explain that unsupported objects fall towards the Earth because of the force of gravity acting between the Earth and the falling object</li> <li>identify the effects of air resistance, water resistance and friction, that act between moving surfaces</li> <li>recognise that some mechanisms, including levers, pulleys and gears, allow a smaller force to have a greater effect.</li> </ul> |     |
| push, pull, twist.  |        |        | push, pull, contact force, non contact force, magnetic, magnet, strength, bar magnet, horseshoe magnet, attract, repel, metal, iron, steel, poles, north pole, south pole.   |        | fall, Earth, gravity, air resistance water resistance, friction, moving surfaces, mechanisms, levers, pulleys, gears, force, transfers,  |     |

## Earth in Space

| EYFS  | Year 1  | 2 | 3 | 4 | Year 5  | 6 |
|---|---|---|---|---|---|---|
| <p>Noticing weather and changes in temperature through the year.</p> <p>Understand the effect of changing seasons on the natural world around them.</p> | <ul style="list-style-type: none"> <li>observe changes across the four seasons</li> <li>observe and describe weather associated with the seasons and how day length varies.</li> </ul>            |   |   |   | <ul style="list-style-type: none"> <li>describe the movement of the Earth, and other planets, relative to the Sun in the solar system</li> <li>describe the movement of the Moon relative to the Earth</li> <li>describe the Sun, Earth and Moon as approximately spherical bodies</li> <li>use the idea of the Earth's rotation to explain day and night and the apparent movement of the sun across the sky.</li> </ul> |   |
| hot, cold, summer, autumn, spring, winter,  | spring, summer, autumn, winter, weather, hot / warm, cool, cold, sun, cloudy, windy, rain, snow, hail, sleet, frost, fog, mist, ice, rainbow, thunder, lightning, storm, light, dark, day, night. |   |   |   | Earth, planets, Sun, solar system, Moon, celestial body, sphere / spherical rotate / rotation, spin, day / night, , names of planets, orbit, revolve, geocentric model heliocentric model, show, sundials,  |   |

# Progression in Science
